

Dearest celebration friends,

The Amplify team wants to extend our deepest appreciation for your engagement in our first ever AUMJ1 Recognition Celebration!

Our community of difference was strengthened as we co-created a drumming circle with **Clarence Chazz Ross** and enjoyed nourishing food prepared by **My Mom's Mole**.

Your participation helps us continue cultivating conversations which embrace student experiences, social justice, and black voices. These dialogues serve to enact meaningful change through transforming and empowering our understanding of race, society, and anti-racist action.

Members of the Amplify / Umoja community who could not attend shared their thoughts about our tremendous event, which we wanted to pass along to you now!

- **Dr. Kofi Akinjide's message**
- **Raina Chelise's message**

Please continue to contribute to our growing efforts by staying tuned with Amplify's social media!

In solidarity,
The Amplify Team
